In re Patent No. 7,024,562
Issue Date: April 4, 2006
Application No. 09/606,331
Filed: June 29, 2000
Attorney Docket No. 33342

OFFICE OF PETITIONS

ON PETITION

This is a decision in response to the petitions filed December 29, 2008, December 30, 2008, March 18, 2009 and April 10, 2009, which are collectively being treated as a petition under 37 CFR 3.81(b) to correct the name of the assignee on the front page of the above-identified patent by way of a certificate of correction.

The file does not indicate a change of address has been submitted, although the address given on the petition differs from the address of record. If appropriate, a change of address should be filed in accordance with MPEP 601.03. A courtesy copy of this decision is being mailed to the address given on the petition; however, the Office will mail all future correspondence solely to the address of record.

The petition is **DISMISSED**.

37 CFR 3.81(b), effective June 25, 2004, reads:

After payment of the issue fee: Any request for issuance of an application in the name of the assignee submitted after the date of payment of the issue fee, and any request for a patent to be corrected to state the name of the assignee, must state that the assignment was submitted for recordation as set forth in § 3.11 before issuance of the patent, and must include a request for a certificate of correction under § 1.323 of this chapter (accompanied by the fee set forth in § 1.20(a)) and the processing fee set forth in § 1.17(i) of this chapter.

Petitioner requests issuance of a certificate of correction to change the Assignee's name from -- Optisec Technologies Ltd.-- to "Optisec Ltd." However, a review of U.S. Patent and Trademark Office assignment records, including the details of the assignment records, show that Optisec Technologies Ltd was the assignee of record at the time of issuance of the application into a patent. In other words, Optisec Ltd. is not an assignee of record in this patent. Accordingly, a

certificate of correction to change the name of Optisec Technologies Ltd. on the front page of the patent would not be proper.

Telephone inquiries concerning this decision on petition should be directed to the undersigned at (571) 272-3204.
